

**Application**  
**Perrotta-Midiri Foundation**  
*2009 Youth Scholarship*

This information is being collected to determine eligibility and final determination of winning the 2010 Perrotta-Midiri Florida Youth Scholarship. This prize is to be awarded on a yearly basis to a young dancer, ages 13-21 from the state of Florida who engenders a proficiency in the dance and elements of citizenship and scholastic achievement that creates a positive impact on their community and peers within that community.

The first requirement of eligibility is being a part of the dance community. This includes participation and performance within the community as well as sportsmanship, good manners and decision making that add to the community. This fund is specifically focused on West Coast Swing (WCS) dancers at this time. Continued improvement and a desire to add to your dance resume are also expected as part of the judgment process. Although focused on WCS, the judging in this process does take into consideration work in other dance styles. These obviously enhance a well-rounded outlook to the art form of dance.

The next requirement is achievement in scholastic endeavors. We ask and expect to see accomplishment in your progress toward your education in taking a position within the greater community and contributing to yourself and others around you in performing to the best of your ability.

Finally, we are looking for evidence of good citizenship in giving back to the community. Any efforts in helping others find joy and happiness in life such as passing on dance through teaching or contributing time to charitable causes are examples of good citizenship.
